RENEWED REQUEST UNDER 37 CFR 1.497(d) and RENEWED PETITION UNDER 37 CFR 1.47(a)

Commissioner for Patents
Office of PCT Legal Administration
P. O. Box 1450
Alexandria, VA 22313-1450

Sir:

Petitioner hereby responds to the Decision of the Office of PCT Legal Administration, dated February 23, 2007, a copy of which is enclosed.

Pursuant to 37 C.F.R. § 1.47(d), a renewed request is hereby made to add David A. Dewey as a joint inventor for this application.

Furthermore, pursuant to 37 C.F.R. § 1.47(a) and the guidelines set forth in M.P.E.P. § 409.03, a renewed request is hereby made to include David Dewey as a joint inventor of the above-identified application even though David Mordaunt, a named inventor has not responded, despite multiple requests to re-execute a declaration complying with 37 C.F.R. § 1.63. The other named joint inventors of the subject application are Steven Scott Christensen and Allison Albrecht Ferro. A declaration complying with 37 C.F.R. § 1.63 signed by both of these joint inventors besides Mr. Mordaunt is included herewith.

Below is a description of the pertinent facts explaining the reasons to add Mr. Dewey as an inventor and the non-compliance of Mr. Mordaunt to join in the subject application, as well as his last known address pursuant to CFR 1.47(a):

BACKGROUND

 On October 16, 2003, applicants filed international application no. PCI/US2003/029132 in the name of Lumenis Inc.

- 2. On April 18, 2005, applicants filed a transmittal letter for entry into the national stage in the United States of America.
- 3. On September 22, 2005, the United Stated Designated/Elected Office (hereinafter "DO/EO/US") mailed a "Notification of Missing Requirements Under 35 U.S.C. 371 in the United States Designated/Elected Office (DO/EO/US)" for failure to submit a signed oath or declaration in compliance with 37 CFR 1.497 (a) and (b).
- 4. On February 22, 2006, applicants filed an executed declaration and listed David A. Dewey as a co-inventor, who was not listed in the international application.
- 5. On May 15, 2006, the DO/EO/US mailed a "Notification of Defective Response" indicating that Mr. Dewey had been an added inventor and whose name was not published in the international application.
- 6. On June 6, 2006, applicants filed a Response to Notification of Missing Requirements, which included a statement under 37 CFR 1.497(d) adding co-joint inventor David Dewey in a composite executed declaration.
- 7. On October 2, 2006, a decision was entered from the Office of PCI Legal Administration, dismissing applicant's request because the declaration filed was improper because it was submitted as an incomplete declaration having composite signature pages.
- 8. On December 4, 2006, applicant submitted a renewed request to accept the executed declaration without the signature of joint inventor David Mordaunt
- 9. On February 23, a decision was entered from the Office of PCT Legal Administration, dismissing applicant's request because the declaration filed was improper, insufficient facts were provided and because the last known address of the inventor was not provided.

Applicants hereby provide all of the previously omitted and requested information pursuant to the decision of February 23, 2007 and in compliance with the requirements set forth under 37 CFR 1.47.

REQUEST UNDER 37 CFR 1.497(d) TO ADD DAVID DEWEY AS AN INVENTOR

STATEMENT OF FACTS

1. Between November and December 2005, the named inventors on the international application- David Mordaunt, Steven Scott Christensen, and Allison Albrecht Ferrowere contacted to sign the original declaration.

- 2. During this period, Ms. Ferro opined that David A. Dewey should be included as an inventor on this application.
- 3. In response, in February 2006, Mr. Dewey was contacted for determining whether he should be included as a co-inventor on the application.
- 4. Mr. Dewey asserted that he had contributed to the invention disclosed in the application and therefore was included as a co-inventor. (Attached as Exhibit A)
- 5. Mr. Dewey signed the declaration on February 22, 2006. (Attached as Exhibit B)
- 6. During this period Mr. Mordaunt had executed the original declaration.
- 7. Accordingly, after Mr. Dewey was included as an inventor, Mr. Mordaunt was attempted to be contacted to re-execute the declaration now containing Mr. Dewey as an inventor.
- 8. Mr. Mordaunt has been unable to be contacted.
- 9. On May 30, 2006 David Dewey signed as statement stating that his name was inadvertently omitted from the list of inventors, without deceptive intent on his part. (Attached as Exhibit C)
- 10. On May 23, 2006, the assignee Lumenis Inc. signed its written consent to add David Dewey as an inventor. (Attached as Exhibit D)
- 11. The undersigned hereby authorizes the fee of \$130.00 to be charged Deposit Account Number 50-3355, as well as ay other additional fees due.

CONCLUSION

Therefore, Petitioner respectfully requests that the request to add David A. Dewey as an inventor be granted despite the absence of Mr. Mordaunt's signature.

PETITION UNDER 37 CFR 1.47(a) TO ACCEPT THE SUBMITTED DECLARATION WITHOUT THE SIGNATURE OF DAVID MORDAUNT

STATEMENT OF FACTS

- 1. On November 29, 2005, David Mordaunt was provided with a copy of the application, declaration, and assignment for his review and signature. (Attached as Exhibit E)
- 2. On December 22, 2005, Mr. Mordaunt returned the declaration with his signature. (Attached as Exhibit F)
- 3 After Mr. Mordaunt returned the signed declaration, it was determined that Mr. Dewey should be added as a co-inventor on this application.
- 4. Inventors Mr. Christensen, Ms. Ferro, and Mr. Dewey submitted newly executed declarations, which named Mr. Dewey as the inventor.
- 5. Mr. Mordaunt was attempted to be contacted again on February 15, 2006 to sign the declaration naming Mr. Dewey as an inventor. (Attached as Exhibit G) Mr. Mordaunt did not respond.
- 6. Mr. Mordaunt was contacted again on October 12, 2006 requesting that he sign the declaration naming Mr. Dewey as an inventor. (Attached as Exhibit H). Mr. Mordaunt did not respond.
- 7. Mr. Mordaunt's last known address is 32116 Summit Road, Los Gatos, California 95033, USA. His last known e-mail address is mordauntbiz@aol.com. Both of these contact addresses have failed to illicit a response from Mr. Mordaunt...

8. <u>Fee</u>

The undersigned hereby authorizes the \$200.00 fee under 37 CFR 1.17(h) to be charged to Deposit Account 50-3355, as well as any other additional fee that may be due

9 Proof of Mr. Mordaunt's non-compliance to join application:

- a) In the February 23, 2007 decision ("Decision") dismissing the above request, it states that it was not sufficiently demonstrated that a copy of the application papers were sent to Mr. Mordaunt for his review and signature; the record does not establish that a bona fide attempt was made to deliver the complete application; and that Mr. Mordaunt refused to sign the required papers.
- b) As stated above, Petitioner e-mailed the application papers to Mr. Mordaunt on November 29, 2005. (See Exhibit E). Mr. Mordaunt received the application papers and declaration, as evidenced by his returning the signed

declaration on December 22, 2006. Furthermore, the record also established petitioner's bona fide attempt to deliver to Mr. Mordaunt for his signature, the declaration naming Mr. Dewey as an inventor, on February 15, 2006 and October 12, 2006 (Exhibits G-H). Mr. Dewey's failure to respond to either request demonstrates his refusal to join in this application. His refusal to join the application is clearly evident given his prior prompt response and return of the signed declaration to the request of November 29, 2005.

10. Statement of Mr. Mordaunt's last known address:

The Decision states that Petitioner has not provided the last known address of the missing inventor. Petitioner states the last known address of Mr. Mordaunt above.

11. Declaration

The Decision states that the Declaration previously submitted in an improper composite declaration. Petitioner hereby submits a declaration signed by all named inventors except Mr. Mordaunt (Attached as Exhibit I)

CONCLUSION

Therefore, Petitioner respectfully requests the acceptance of the application under 37 CFR 1.47 and that the declaration that is devoid of David Mordaunt's signature be accepted.

Respectfully submitted,

: DECISION ON RENEWED

REQUEST UNDER

37 CFR 1 497(d) AND

PETITION UNDER 37 CFR 1 47(a)

This is in response to the "PETITION TO ADD INVENTOR UNDER 37 CFR 1 48(a)" filed on 04 December 2006, which is being treated as renewed request under 37 CFR 1 497(d) and as petition under 37 CFR 1 47(a)

BACKGROUND

In a decision from this Office mailed on 02 October 2006, the decision indicated that the request was dismissed because the request did not satisfy item (1) of 37 CFR 1 497(d) because the declaration filed was improper

On 04 December 2006, petitioner submitted a "Petition to Add Inventor Under 37 CFR 1 48(a), which is being treated as a Renewed Request Under 37 CFR 1 47(d) and a Petition Under 37 CFR 1 47(a) requesting the acceptance of the executed declaration without the signature of joint inventor David Mordaunt

DISCUSSION

REQUEST UNDER 37 CFR 1.47(a):

A submission under 37 CFR 1 497(d) must include:

- (1) a statement from each person being added as an inventor and from each person being deleted as an inventor that the error in inventorship occurred without deceptive intention on his or her part;
- (2) the fee set forth in § 1 17(1); and
- (3) If an assignment has been executed by any of the original named inventors, the written consent of the assignee (see 37 CFR §3 73(b) of this chapter)

A review of the application file reveals that applicants have satisfied items (2) - (3) under 37 CFR 1.497(d), but not item (1).

With respect to item (1), the executed declaration filed on 04 December 2006 is defective and, for the reason below, the application may not enter into national stage processing at this time. It still does not comply with 37 CFR 1 497(a)(3). A Declaration, under 37 CFR 1 497(a)(3), must identify each inventor. See MPEP § 602. In this instance, applicants submitted a composite declaration comprising of three sets of declarations, one which is complete because it has three (3) sheets, and the remaining sets are incomplete. Each set must be complete by having the correct number of pages and listing all the inventors. The other sets are incomplete because pages 1,2 are missing. Therefore the composite Declaration is still incomplete.

Copies of the same page is not part of a proper declaration since it is considered a composite declaration and each must be a complete declaration with the proper statement and the names of each inventor even though each set of declarations may not have all the signatures of the inventors. Therefore, a proper declaration must consist of individual complete sets of declaration that taken as a whole would have all the required signatures as required under 37 CFR 1 497(a)(3)

Accordingly, the request still does not meet the requirements under 37 CFR 1 497(d)

CONCLUSION

For the reasons above, the request under 37 CFR 1 497(d) is <u>DISMISSED</u> without prejudice

PETITION UNDER 37 CFR 1.47(a):

A petition under 37 CFR 1 47(a) must be accompanied by (1) the fee under 37 CFR 1 17(h), (2) factual proof that the missing joint inventor refuses to execute the application or cannot be reached after diligent effort, (3) a statement of the last known address of the missing inventor, and (4) an oath or declaration by each 37 CFR 1 47(a) applicant on his or her own behalf and on behalf of the non-signing joint inventor

Furthermore, section 409 03(d) of the Manual of Patent Examining Procedure (M P E P) Proof of Unavailability or Refusal, the relevant sections states, in part:

REFUSAL TO JOIN:

A refusal by an inventor to sign an oath or declaration when the inventor has not been presented with the application papers does not itself suggest that the inventor is refusing to join the application unless it is clear that the inventor understands exactly what he or she is being asked to sign and refuses to accept the application papers. A copy of the application papers

Application No: 10/531,691

should be sent to the last known address of the nonsigning inventor, or, if the nonsigning inventor is represented by counsel, to the address of the nonsigning inventor's attorney

Where a refusal of the inventor to sign the application papers is alleged, the circumstances of the presentation of the application papers and of the refusal must be specified in a statement of facts by the person who presented the inventor with the application papers and/or to whom the refusal was made Statements by a party not present when an oral refusal is made will not be accepted.

Proof that a bona fide attempt was made to present a copy of the application papers (specification, including claims, drawings, and oath or declaration) to the nonsigning inventor for signature, but the inventor refused to accept delivery of the papers or expressly stated that the application papers should not be sent, may be sufficient. When there is an express oral refusal, that fact along with the time and place of the refusal must be stated in the statement of facts. When there is an express written refusal, a copy of the document evidencing that refusal must be made part of the statement of facts. The document may be redacted to remove material not related to the inventor's reasons for refusal

When it is concluded by the 37 CFR 1.47 applicant that a nonsigning inventor's conduct constitutes a refusal, all facts upon which that conclusion is based should be stated in the statement of facts in support of the petition or directly in the petition. If there is documentary evidence to support facts alleged in the petition or in any statement of facts, such evidence should be submitted. Whenever a nonsigning inventor gives a reason for refusing to sign the application oath or declaration, that reason should be stated in the petition.

Petitioner has satisfied item (1) of 37 CFR 1.47(a) but not requirements (2) - (4)

Regarding requirement (1), petitioner has provided the petition fee of \$200 00 under 37 CFR 1 17(g) because it has been charged to the Deposit Account No 50-3355

Regarding requirement (2), in this case, it has not been sufficiently demonstrated that a copy of the application papers were mailed (or e-mailed) to the non-signing inventor, David Mordaunt, for his review and signature, and that it was received by him

Regarding requirement (3), petitioner has not provided a statement of the last known address of the missing inventor

Regarding requirement (4), petitioner has provided a defective composite executed declaration. See above section under 37 CFR 1 497(d)

Consequently, the current record does not sufficiently establish Mr Mordaunt's refusal to join in the application because no evidentiary documents have been to show that a bona fide attempt was made to deliver the complete application to him and that he refused to sign the required papers

CONCLUSION

The petition under 37 CFR 1 47(a) is **DISMISSED** without prejudice.

For the reasons above, the request under 37 CFR 1.497(d) is <u>DISMISSED</u> without prejudice

If reconsideration of the merits of the petition under 37 CFR 1 47(a) is desired, applicant must file a request for reconsideration within TWO (2) MONTHS from the mail date of this Decision Any reconsideration request should include a cover letter entitled "Renewed Petition Under 37 CFR 1 47(a) and Renewed Request under 37 CFR 1 497(d) " Extensions of time are available under 37 CFR 1 136(a) Failure to timely file the proper response will result in ABANDONMENT

Any further correspondence with respect to this matter should be addressed to the Mail Stop PCT, Commissioner for Patents, Office of PCT Legal Administration, P O Box 1450, Alexandria, Virginia 22313-1450, with the contents of the letter marked to the attention of the Office of PCT Legal Administration
